Introducing Two More Channelers

Rev. Michlynn Walton offers a wide range of Life Cycle Celebrations as a non-denominational ordained Minister.

Michlynn's other services and credentials include: Soul Retrieval, Quantum Touch, Reiki Mentor/Master, EFT Teacher and Practitioner, Spiritual Mentor, Angel Card and Energy Intuitive, Birth and Death Doula, Greif Counselor, Hospice worker, Public Speaker and Workshop Facilitator.

As a new Channeler, since April 30th, 2020, Michlynn has channeled two 6D Beings, an Elemental and Source. Here she is in a podcast with me, channeling Fiona:

Lisa Virtue is currently living in Ojochal de Osa, Costa Rica. She is a Yin and Restorative Yoga Instructor, a Transformative Energy Healer and a Channeler.

For a little over ten years, Lisa has been channeling a group of high-vibrational, Spirit Beings, composed of Archangels, Angels and Spirit Guides. This group is constantly changing its composition to align with the needs of Lisa and her clients.

In this podcast, Lisa's group stated that, for my convenience, and for this occasion, I could refer to them as Apollo. Here is Lisa, Apollo and Yours Truly in discussion:

You may have noticed that the grammar, punctuation and use of words in these newsletters are all pretty much the way they are supposed to be. That's not entirely my doing. My wife, **Carol-Ann Dennis** has been editing these newsletters and has made me look much better than I would if I did all of this by myself. So, to Carol-Ann, many thanks you for the job you are doing as **Editor-in-Chief** and for making these newsletters better than they would be otherwise.

Tiffany Tin channels a civilization of Inner-Earth Beings and, in this video, one member of that civilization, Maharaya, outlines a brief summary of the history of humanity,

our Earth and some of the other planets in our solar system.

This isn't just a chronological history of our species but it explains some of our spiritual progress from pre-Atlantian times to the enlightened (4D) reality that we are now headed towards.

Naeyla, channeled through **Keda Edwards Pierre**, draws our attention to the idea that what is external to us is really a reflection of what is going on within ourselves.

If that's the case, when we direct forgiveness to another, are we really solving the problem or are we directing our forgiveness to the wrong party?

Here is an enlightened perspective on the value of forgiveness.

For quite a number of years, if you were like me, it probably never occurred to you that the Earth was anything but a beautiful lump of inanimate matter, like a big rock.

In recent years, I've come to believe otherwise. It seems that our Earth is alive, sentient, female and very caring for the billions of species that she supports. Her name is Gaia and she has a few opinions about humans and how they are treating her.

In this audio recording, **Karen Heywood** channels Gaia, who in conversation with Kate Woodley gives her perspective on the coronavirus.

For millennia, the Earth has been encrusted in a sleeve of negativity and was dominated by darkness.

Jesus came to penetrate that sleeve by breaking open a portal of light. That light has been expanding until recently when it passed a tipping point and the light began to exceed the darkness.

We won't get rid of the dark entirely as it still has a role to play. In this realm of 3D duality, we need it for balance, just as we need thirst to enjoy a cool drink or the rain to appreciate the sun.

In this dynamic of light and dark, there has been a battle for dominance and one of the

Extraterrestrial players in this struggle has been the Pleiadian, Commander Ashtar.

This recording sounds like it is right out of Star Trek but we have to remember that Star Trek was inspired to condition or to prepare humans for the reality of ETs.

Here is **Kate Woodley** channeling Commander Ashtar:

Karen Ashby was the first to channel with me and she has now been channeling the Pleiadians (Ps) for a little over two years.

In this video, the Ps describe channeling as a

way of connecting. They point out that we all connect, every day, all day long. We connect with our minds when we think, we connect with our bodies when we feed and clothe them and we connect with other people through relationships. When we connect with ETs or higher vibrational Beings, we call it channeling.

Here are the Pleiadians on Channeling:

Interested in Becoming a Channeler?

Through hypnosis and channeling practice sessions, I have now helped 18 individuals to become Channelers. If you have an interest in exploring that adventure, send me an email at: peter@peterhdennis.com.

As well, I haven't read a lot of books on the subject of channeling. However, in my opinion, this book is very good and I highly recommend it to anyone with an interest in channeling. The authors are Sanaya Roman and Duane Packer. ISBN: 0-915811-05-7.
